4. POLICY STATEMENT

The Australian College of Theology, in line with tertiary institutions throughout Australia, regards academic misconduct as a serious matter. Affiliated colleges are responsible for rigorously pursuing the highest possible standards of academic integrity.

5. PRINCIPLES

Definition of Academic Misconduct

5.1 Academic misconduct may encompass the following actions:

- a) taking unauthorised materials into an examination;
- b) submitting work for an assessment knowing it to be the work of another person;
- c) improperly obtaining knowledge of an examination paper and using that knowledge in the examination;

- d) endeavouring to gain unfair access to content and information where such access is not permitted;
- e) arranging for another person to sit an examination in the place of the candidate;
- f) failing to acknowledge the source of material in an assessment, including project or thesis, in any ACT program;
- g) submitting a false medical certificate;
- h) submitting incorrect, incomplete or misleading information.

Resources

- 5.2 The ACT provides access to Turnitin to its affiliated colleges as a tool in the identification of instances of potential academic misconduct.

Acknowledgment and Usage of Sources

- 5.3 Students are expected to acknowledge the source of their ideas and expressions used in their written work. To provide adequate documentation is not only an indication of academic honesty but also a courtesy enabling the marker to consult sources with ease. Deliberate failure to provide documentation may constitute plagiarism, which is subject to a charge of academic misconduct.
- 5.4 Plagiarism is understood to be the presentation of another person's words or thoughts either as one's own or without appropriate acknowledgement. Students are required to acknowledge by use of footnotes the origin of extracts, quotes and paraphrases contained in their work. Quoted material shall be identified by relevant conventions.
- 5.5 Except in the case of ACT approved study and assessment schemes, students ought not to assist other students in the writing of individual assessments, such as providing written material to be copied.
- 5.6 Material submitted for assessment in one unit by a student may not be submitted for assessment by the student in any other unit of the award.

Procedures

- 5.7 Where a marker suspects intentional or inadvertent academic misconduct, the marker is to consult the Academic Dean who will make a determination regarding the nature of the student's intentions.
- 5.8 In the case of inadvertent academic dishonesty resulting from misunderstanding of academic conventions rather than deliberate deception, students are to be granted an opportunity to resubmit a corrected assessment, the marker shall deduct marks from the assessment and the Academic Dean is to counsel the student concerning the academic conventions prevailing in the ACT.
- 5.9 Students who have knowingly divulged, or caused to be divulged, the

content of an examination to other students who are yet to complete the examination, will be dealt with by separate disciplinary processes approved by the Academic Board.

- 5.10 Students who have intentionally and knowingly received information relating to the content or nature of an examination for a unit in which they are enrolled, except that which was commonly released by the lecturer/s as part of the unit, will be dealt with by separate disciplinary processes approved by the Academic Board.
- 5.11 Affiliated colleges are required to report to the Director of Academic Services all offences with respect to plagiarism and cheating for recording in TAMS. Such information shall be available to registrars by means of a note on the student's record on TAMS to any affiliated college with which a student is either enrolled or intends to enrol.

Penalties

- 5.12 Wilful academic misconduct may result in the following penalties:
- a) the awarding of a fail grade for the whole unit of which the assessment is a part,
 - b) the awarding of 0% for the assessment or thesis or project with or without the opportunity to redeem it,
 - c) the student's exclusion from the ACT award in which he or she is enrolled for a period not exceeding two years,
 - d) exclusion from any award of the Australian College of Theology, or
 - e) another outcome appropriate to the case but with an impact less serious than exclusion from enrolment in any ACT award.
- 5.13 *Plagiarism and cheating are both serious academic offences. However, the ACT also recognises the importance of educating students about the seriousness of the offence. Thus the penalties given below reflect both the seriousness of the offence and the desire to give students a chance to learn from their actions. A distinction is made between single occurrences, and multiple concurrent occurrences, in which plagiarism is found within multiple assessment tasks in one or more units concurrently:*

a) First offence

For a single occurrence in a first offence, a student will be subject to academic counselling, with the maximum penalty being to fail the assessment item with no marks awarded. Where deemed appropriate, the minimum penalty available will be that a student may be granted an opportunity to resubmit the assessment with a maximum of 50% for the assessment.

If multiple concurrent occurrences are detected, a student will be subject to the same potential penalties as for a single first offence and will also

be placed on conditional enrolment as set out in the Progression and Intervention Policy.

b) Second offence:

For a second offence a student will fail the unit, with no remedial opportunity.

If multiple concurrent occurrences are detected, the student will be deemed to have committed a third offence and the potential penalties for a third offence will apply.

c) Third or major offence:

For a third or major offence, whether single or multiple concurrent occurrences, a student may be excluded from any ACT award, or excluded from the enrolled ACT award for up to two years, or any other outcome appropriate to the case but with an impact less serious than exclusion.

- 5.14 In the case of severe plagiarism and/or cheating, a student may be subject to a separate disciplinary process approved by the Academic Board.

Appeals

- 5.15 For domestic students enrolled in a coursework unit, any appeal against an outcome will be dealt with in accordance with the *Dispute Grievance Resolution Policy for Domestic Students* (section 3) which can be accessed on the ACT website and in the Handbooks.

- 5.16 For overseas students enrolled in a coursework unit, any appeal against an outcome will be dealt with in accordance with the *Dispute Grievance Resolution Policy for International Overseas Students* (section 3) which can be accessed on the ACT website and in the Handbooks.
